A Business Model. Not Just a Referral Program.

The Vakilgiri Mediatorship Program is a **white-label legal partnership**. You operate as a complete legal practice — with Vakilgiri as your silent execution partner. Your clients see only your brand.

- Onboard clients on CRM
- 100% white-label privacy
- Monthly wallet credit
- B2B billing model
- Earn on every Project
- No infrastructure needed
- Full CRM dashboard
- Commission on Prof. Fee only

Built For Professionals **With a Network**

If you advise clients on legal, financial, or regulatory matters — this is your natural next step.

CAs & CS Professionals

You already advise on compliance. Now get paid for the execution too. Turn advice into structured recurring income.

"I advise on it anyway. Now I earn on it too."

Lawyers & Advocates

Your clients need registrations, GST, trademark & compliance. Offer it all under your practice brand — zero execution burden.

"My clients asked for it. Now I can deliver it."

Retired Govt. Officials

Your government experience and professional network are your most powerful assets. Monetise them systematically.

"My experience is my most valuable asset."

Freelancers & Consultants

You refer clients anyway. Now earn structured, tracked commissions on every referral — month after month.

"I was giving it away free. Not anymore."

Transparent. Structured. Trustworthy.

Our Mediatorship Agreement is professionally drafted and shared before onboarding. Key points every partner must know.

Commission Eligibility

Commission accrues only when the project is CRM-attributed to your account, fully paid, and the relevant milestone is completed.

Commission Calculation

All commissions are on Professional Fee only. Government fees, statutory charges & filing fees are excluded from computation.

B2B Billing

Vakilgiri raises invoices in your business name – not your client's. You independently manage client-side billing and collection.

Commission Credit

Commissions credited to your Vakilgiri Wallet on the 30th of each month. Withdraw to registered bank account at any time via CRM.

CRM Attribution

Projects must be correctly created in CRM before work begins. Post-facto attribution is not eligible for commission.

Non-Solicitation

Non-solicitation and non-circumvention obligations apply for 12 months following termination of the agreement.

Billing Disputes

Billing disputes must be raised within 7 days of invoice receipt. After 7 days, invoices are deemed accepted.

Termination

Either party may terminate with 15 days' written notice. Confidentiality obligations survive for 1 year post-termination.

How to Create a **Client, Business & Project**

A step-by-step walkthrough of the complete journey — from selecting a service to your commission being credited.

White-Label Confidentiality — Always:

Vakilgiri never calls, communicates with, or solicits your clients. We never issue invoices to your client. Every quotation, invoice, and communication is strictly Vakilgiri ↔ Mediator only. You invoice your client at whatever price you choose — your margin is your income, entirely separate from commission.

Step 1: Choose a Service

Browse the full Vakilgiri service catalogue and select what your client needs

What happens on this step

- **Browse 118+ services** across registrations, compliance, amendments, licences, and premium services — divided into 16 Categories.
- Each service has its own **dedicated service page** with complete information — Introduction, Who Is It For, Features, Advantages, Process Steps, Documents Required, FAQs, and a video playlist.
- Use the service page to **educate your client** before creating a Project.
- Once you and your client are aligned on the service, **click "Get Started"** on the service page — this takes you directly into the quotation flow.
- The service you selected is automatically **carried forward** into the quotation form — no need to re-enter anything.

Private Ltd Registration

This is not just paperwork. This is you turning an idea into a trusted company that people respect.

Private Limited Company is right for you if you want to:

- Build a serious business identity
- Gain trust from customers and vendors
- Get bank loans or investor funding

Step 2: Quotation Form

Answer a few service-specific questions — the system auto-generates your quotation instantly

What happens on this step

- A **short dynamic form** appears with questions specific to the service you selected — questions change based on what is needed to calculate the correct fee.
- **Example for Pvt. Ltd. Registration:** Number of directors, State of registration, Authorised share capital — each answer affects the final quotation.
- Based on your answers, the system **automatically calculates the professional fee quotation** — no manual computation needed.
- **The quotation is for you (the Mediator)** — this is what you pay Vakilgiri. What you charge your client is entirely your decision. Your client price minus Vakilgiri quotation = your additional margin income.
- Government fee and statutory charges are shown **separately** — they are NOT part of the professional fee and are billed additionally.

Step 3: Add-on Services

Enhance the order — select complementary add-on services your client may also need

What happens on this step

- After the base quotation is generated, the system shows **relevant add-on services** that complement the main service — curated specifically for the service you selected.
- **Example:** For Pvt. Ltd. Registration, add-ons include GST Registration, Udyam Registration, etc
- **Each add-on has its own professional fee** which is added to the base quotation — you see the updated total in real time.
- Add-ons are completely **optional** — select only what your client needs. You can always come back and place add-on services as separate orders later.
- You **earn commission on the total professional fee** including all add-ons selected — so recommending relevant add-ons increases your commission too.

Step 4: Select Client Business

Link the project to the correct client business — critical for CRM attribution and commission eligibility

What happens on this step

- You **must select the business** for which your client is availing this service. This links the project to the correct entity in the CRM.
- **Option A — Choose from existing clients:** If you have previously onboarded this client's business, it will appear in your list. Simply select it.
- **Option B — Search Vakilgiri's business database:** If the business already exists in Vakilgiri's database (e.g. an existing registered company), search by name or PAN and claim it.
- **Option C — Create a new business:** If the business is not found anywhere, you can create a new business profile by entering the entity details manually.
- **Business selection is mandatory** — you cannot proceed to checkout without linking the project to a business. This step protects your commission attribution.

Step 5: Checkout & Payment

Review the complete order, select your payment option, and complete the payment to Vakilgiri

What happens on this step

- **A complete Project summary is shown** — service, add-ons selected, coupon discount applied, final professional fee, government fee, and total payable amount.
- **Payment is strictly from you (the Mediator) to Vakilgiri** — this has nothing to do with your client's payment to you. Your client invoicing is completely separate and independent.
- **Choose your payment option:** Full Payment or Part Payment. Part Payment allows you to pay a portion now and the balance at a later stage during project execution.
- **Multiple payment modes supported:** UPI (GPay, PhonePe, Paytm), Net Banking, Debit/Credit Cards, and NEFT/RTGS.
- After successful payment, you are **immediately redirected** to the success page — the project, invoice, and commission entry are created automatically without any manual steps.

Step 6: Project Created

Payment verified → Project, Proforma Invoice, Payment Entry & Commission created instantly — Vakilgiri begins work

What happens on this step

- **Project created automatically** in your CRM with a unique Project ID — visible in your dashboard instantly. No manual entry required.
- **Proforma Invoice generated** and available in your CRM dashboard — you can download it at any time for your records.
- **Payment entry recorded** against your mediator account — full payment history maintained in your billing section.
- **Vakilgiri assigns a dedicated Project Manager** within 24 hours who becomes the single point of contact for execution — they begin working on the project immediately.
- **Commission entry created** in your commission sheet the moment payment is verified. This commission will be credited to your Vakilgiri Wallet on the 30th of the month. No action needed from your side.

Refer a Mediator. **Both of You Earn.**

On top of your regular commission income, Vakilgiri rewards you for growing the mediator network. When you refer someone who joins and creates their first project — both of you get ₹500 directly in your Vakilgiri Wallet.

Share your referral link

Get your unique referral link from the CRM dashboard and share it with any professional you want to onboard as a mediator.

They join & onboard

Your contact joins using your referral link, selects a package, and completes the digital onboarding process.

They complete their first project

The moment their first project is successfully paid and created on the Vakilgiri platform, the bonus is triggered automatically.

₹500 credited to both wallets

₹500 is credited instantly to your Vakilgiri Wallet and ₹500 to your referee's Wallet. No forms, no waiting, no manual request.

Six Reasons Professionals Choose Vakilgiri

We built a structured business partnership — not just another referral program — to give you a real, scalable income stream.

Structured, Locked Commission Rates

No negotiation per project. Commission locked to your package — from **15% to 30%** on professional fee.

Complete White-Label Privacy

Your client only sees you. Vakilgiri's involvement stays strictly confidential at all times.

Recurring Income, Year After Year

Annual mandates — GST returns, ROC filings, ITR — mean your clients return every year. So does your commission.

Technology-First CRM Dashboard

Every project, payment & commission tracked in real time. No chasing, no confusion.

Legally Sound Framework

Professionally drafted T&C — attribution, commissions, confidentiality & disputes fully covered. Governed by Indian law.

Zero Execution Burden

No team to hire. No infra to build. Vakilgiri handles 100% of execution — you just refer and earn.

Your Command Centre — The Mediator CRM

Track every client, project, and commission in real time. Everything you need — in one place.

The dashboard provides a comprehensive overview of the user's business performance and client management. It features a sidebar navigation menu, a top navigation bar, and several key performance indicator (KPI) cards at the top. The main content area is divided into several sections:

Common Questions, **Direct Answers.**

Everything you need to know before you begin. Our team is ready to help with anything not listed here.

Is this program genuinely free to start?

Yes. The Launch Package is completely free — ₹0 investment, no credit card required. You get CRM access, 20+ services, and up to 15% commission on professional fees immediately upon digital acceptance of the T&C.

Will my clients know about Vakilgiri?

No. This is a white-label program. Vakilgiri invoices you (B2B), not your client. All client communication is managed by you. Vakilgiri's involvement is kept strictly confidential.

When do I receive my commission?

Commission is credited to your Vakilgiri Wallet on the 30th of each month, for all projects that were CRM-attributed, fully paid, and milestone-completed during that month.

What exactly is commission calculated on?

Commission is calculated strictly on the Professional Fee component — not on Government Fee, statutory charges, or filing fees. Vakilgiri provides clear fee breakup for every service.

Can I upgrade my package later?

Yes. You can upgrade at any time. Your commission rate and service access update immediately. All existing clients and projects remain in your CRM.

What if I want to exit the program?

Either party may exit with 15 days' written notice. No penalties or lock-in. All pending commissions are paid out after reconciliation.
